free thinkers off the page

Dyslexia is widely misunderstood and encompasses many valuable and unknown assets such as thinking multi-dimensionally, the ability to visualize thought as a virtual reality, creative thinking, and heightened sensory awareness. We call this "free thinking".

Dyslexia.tv is a place to be inspired by the stories of over 150 free thinkers who harnessed their assets and accomplished great things. Learn more, and get valuable resources. Receive an honorary degree and join the alumni of our "Free Thinkers University".
